City Council Special Work Session: June 21, 2022

AGENDA ITEM: Public Works/ Police Department Campus Project Update	AGENDA SECTION: Discussion
PREPARED BY: Logan Martin, City Administrator	AGENDA NO. 2.a.
ATTACHMENTS: None	APPROVED BY: LJM
RECOMMENDED ACTION: Receive update from design team and discuss next steps	

BACKGROUND

The initial processes leading to the development of the Police & Public Works Campus continue, as staff has completed tours of facilities, completed equipment / personnel inventories, and bi-weekly meetings with the design team. A detailed budget has been completed and refined, and the project team is prepared to discuss budget and scope options with the City Council.

As expected, several outside forces (global economy, inflation, updated growth trajectory of the City, etc.) have had a significant impact on the project’s budget. We have completed 3 project scope options along with budget & tax impacts, and the project team will present those options in great detail at the work session.

RECOMMENDATION

No action needed. Receive the update from staff and consultants and discuss next steps.
