- |                                                                                                            |                                                                                                             |
|------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> My project will not remove trees                                                  | <input type="checkbox"/> My project does not include landscape fabric or a liner                            |
| <input type="checkbox"/> My project does not require a permit                                              | <input type="checkbox"/> My project does not compact the soil                                               |
| <input type="checkbox"/> I am not required to install my project because of a permit or enforcement action | <input type="checkbox"/> My project is not in the right-of-way or located between a sidewalk and the street |
| <input type="checkbox"/> My project is not located over or under utilities                                 | <input type="checkbox"/> My project is not in an easement                                                   |
| <input type="checkbox"/> My project does not add soil or fill                                              | <input type="checkbox"/> My project is at least 100 square ft in size                                       |
| <input type="checkbox"/> Stormwater runoff flows to my project                                             |                                                                                                             |

Some projects may not be eligible for funds. Additional exclusions to project eligibility may exist that are not listed on this application form. Please note, some projects on commercial, institutional, industrial, or agricultural lands that are within the City's Drinking Water Supply Management Area may be required to use the Stormwater Major Project Rebate Application. Projects that require the Stormwater Major Project Rebate Application require approval before installation. Native gardens and buffers must use native plants, of ecotype; native plant cultivars do not qualify. More information on program requirements can be found in the City's Stormwater Rebate Policy

**Rebate Request**

Total project cost\*: \_\_\_\_\_ \*Please note, a cost cap is applied to some materials

Financial Assistance Received from Others
